Handicap Committee

Nothing to report at this stage, all good. As always, this is ongoing
process, since we are now WHS.

General Committee

Conservation area seeded in now, won't see anything until next Spring.

More signage required, for this area, as members & public still playing their ball through and out of there, new posts, and rope to be purchased, so new sign in conservation area, plus one on the existing boards on the 1st.

AN idea about moving the 1st steak by the 1st tree to the left of the 1st tee, as it was felt that too many golfers were/ are hitting the Tree and dropping to unfair advantage.

More posts to be purchased and rope to mark off the 1st 10th green
As this area will get very muddy. From last tree to footpath

Winter mats are requiring to be bolted down, bolts to be purchased

Winter local rules will apply for the NON qualifiers, rules below:

1. Fairway & semi rough – placing
2. 6" putt's (width of scorecard)
